

## Dressing the Groom and Groomsmen

Traditionally, the groom and groomsmen wear tuxedos. Many times a groom's tuxedo will be a different color than his groomsmen, have a tail or will match the bride perfectly. Talk with your groom and ask him what he prefers to wear. After all, this is his wedding too.

Use this worksheet to keep track of your groom and groomsmen's attire. It will be easier to simply hand your groom this page when he and his groomsmen go for their tuxedo fitting.

This will serve as a great reminder 20 years from now when you're reminiscing as to what weight your groom was when you got married.
